

Workshop on Obstetric Brachial Plexus Palsy Course and Cerebral Palsy and Gait Analysis Course

The Department of Physiotherapy conducted the Workshop on Obstetric Brachial Plexus Palsy Course and Cerebral Palsy and Gait Analysis Course on 2nd & 3rd June 2018 at Ramaiah Memorial Hospital Auditorium.

The course was attended by Practicing Physiotherapists, Surgeons and Post Graduate students from Karnataka and Kerala

The OBPP Course had 3 Resource faculties from Ahmedabad - Dr. Maulin Shah, Paediatric Orthopedic Surgeon, Dr. Nischal Naik, Plastic Surgeon, Dr. Tejas Patel, Paediatric Physiotherapist. The sessions consisted of detailed Audiovisual interactive discussions regarding assessment and management of children with brachial plexus palsy. The post lunch sessions were concurrent sessions for surgeons and Physiotherapists where Video graphic and patient demonstrations were done.

The Gait Course had eight Resource persons - 5 National and 3 international faculties. Out of these, two international faculties presented through an online portal (go to meeting).

Ramesh Debur, Dr. Jayanth Sampat, Dr. Dhiren Ganjwala, Dr. Chasanal Rathod, Dr. Taral Nagda, Mr. Fabio Rossi, Dr. Paul selber & Dr. Reinald Brunner

The course consisted of detailed audiovisual demonstrations and discussions ranging from Biomechanics to Complex decision making in Gait Analysis.
