Birth Centenary Celebrations of Karmayogi Dr. M S Ramaiah

The GEF institutions are proud to celebrate the birth centenary year of our beloved founder Dr. M S Ramaiah. The postal department released a commemorative stamp to mark the occasion. Several academic and extra-curricular activities are planned over the next months to celebrate the spirit of the founder in a befitting manner. The Ramaiah campus was abuzz with activities in the last few months. The 38th graduation day was celebrated in April when the graduates and postgraduates received their degrees. The neurosurgery team of Ramaiah Hospitals was invited to Tanzania for supporting the establishment of Neuro-Cath lab. Other notable events on the campus included the workshops conducted by the departments of Radiation Oncology, Medical Oncology, Neurology, and Neurosurgery. The campus also witnessed several inaugurals of facilities such as the new OPD block at Memorial Hospital.

The Department of Respiratory Medicine observed World Asthma week by conducting an awareness Walkathon on campus. It was a proud moment when our pediatrician Dr. Soma Shekar A R, Professor & Head, presented a paper on the effects of Pranayama on Pulmonary function tests at the annual American Thoracic Society meeting held at San Francisco, USA. World Health Day and World Yoga Day were observed with several educational activities on the campus.

Awards were bestowed to Dr Tharanath S, Assistant Professor, Dept of General Medicine won the best case presentation at the Indian School of Hypertension National Conference, Vikram Gowda won 8 gold medals, 2 silver medals and an individual championship in the swimming competition held at AFMC Pune, Dr. Ananth Bhandary, Prof. & HOD, Ophthalmology was conferred 'Sushruth Samman' in 5th National Assembly Forum of Ophthal Professor of India (FOPI); 22. Dr. Jyothi, Professor, Dept. of OBG was the core committee member, faculty, and speaker for the International Conference on Woman and Girl Child-Organized by FOGSI and BSOG, Dr. Pramila Kalra, Professor & HOD, Endocrinology launched a book at international SAFES meeting at Kathmandu.

The students won several awards and accolades at the AFMC Pune events. Our medical college students were the champions of the RGUHS state women's volleyball championship held at Basaveshwara Medical College Chitradurga.

The guru-Purnima celebrations were held at Kaiwara to mark the tradition of guru-parampara. Chairman Dr. M R Jayaram participated in the proceedings.

Department of Radiation Oncology conducted a two day workshop for postgraduate students from Southern states. Workshop was on Cadaveric and individual planning on the system.

Kudos to our Medical College Students

Manya Jagadish, 5th term Student won second place in case presentation - Vagus 2022 held at Mysore Medical College on 28th and 29th May, 2022.

Dr. Bhargav, Paediatric PG got 1st Prize in poster presentation at Karnataka state Infectious disease Conference at JSW, Bellary.

Vikram Gowda won 8 gold medals, 2 silver medals and an individual championship in Swimming competition held at AFMC Pune.

Ramaiah Medical College Students Team has won 2nd Prize in Fashion Show at AFMC Pune.

Neha and Prakruthi, 5th term students won first place in dumb charades.

D M, Endocrinology Residents Dr. Harshita and Dr. Himanashu won third place in the CMC Master class Quiz on 5th May to 7th May 2022 at CMC Vellore.

Our students were champions of RGUHS state women's volleyball championship held at Basaveshwara Medical College Chithradurga, on 19th to 21st June, 2022.

Our team won championship in RGUHS state championship - badminton at Fr. Muller Medical College Mangalore on 2nd - 4th June, 2022.

Anagha Prithvi Raj won 2nd place and Karthik Yadavalli, won 3rd place in medical JAM.

Salam Dar Es Salem

A high level team of Neurosurgeons of Ramaiah Hospitals led by Dr. Sunil Furtado on the invitation of Tanzanian Government visited Dar Es Salem to set up and functionalise their Neuro Cath lab. The team successfully performed neuro surgeries and also established Institutional tie up with the largest healthcare Institute of Tanzania Muhimbili National Hospital. Dr. Parichay J Perikal, who was part of the team, writes about his experience and understanding of this new health care journey.

Ramaiah International Medical team after effectively showcasing our strength and abilities in healthcare at various countries of Middle East, now we have entered African continent. The Tanzanian Government has invited us to associate and explore avenues with Ramaiah Hospitals to help set up and optimise the utilisation of the available Infrastructure at Muhimbili National Hospital in the city of Dar Es Salem, Tanzania.

At this juncture at Dar Es Salem hospital we had interaction with the Neurosciences team and the Chief Surgeon of Tanzania Dr. Respicious Boniface by Dr. Sunil Furtado & Dr. Aneesh Mehta which was facilitated by Mr. Anoop Kumar, GM Marketing, in October 2021. After many rounds of discussion with Neurosurgery team

headed by Dr. Ruta Basibwa Nicephorus at Muhimbili Hospital invited us to help them setup and functionalise their NeuroCathlab.

Dr. Sunil Furtado and myself in this new journey of performing the advanced Neuroangio procedures at their Facility in Dar Es Salem and meeting the officials and Neurosurgeons in Tanzania for capacity building and ensuring long term association in providing medical treatment to patients at their facility and establishing an ethical referral base for patients needing treatment at our centre.

This first step towards having an Institutional tie up with the largest healthcare Institute of Tanzania Muhimbili National Hospital, for healthcare delivery was very much appreciated and applauded throughout the country of Tanzania and its neighbouring countries.

The day we performed the Neuroangio procedure, it resonated across all the East African countries through the African Media & Press. It was a cherishing moment to see a battalion of Media people from various Media houses were eagerly capturing the procedure we were performing to educate their countrymen about the advanced Neuroangio procedures being done in their

very own country which was a distant reality for them until now. After the procedures were done, the chief surgeon of Tanzania, who was all praise at the press conference for Ramaiah hospitals and doctors for coming forward in the effort of capacity building in healthcare in Tanzania.

For us it was a moment of pride representing Ramaiah hospitals and able to accomplish this memorable feat successfully and helped us stamping our presence in the minds of the Tanzanian citizens. We are now key partners with Tanzania, a country needs more advanced health care systems. m best.

After our success at Dar Es Salem Dr. Sunil Furtado, attended an important meeting with the high commissioner of India in Kenya-Nairobi to be a partner in Kenya Health care Vision 2030. This meeting was organised by Dr Virender Paul, High Commissioner of India to Kenya and was attended by Dr Mercy Mwangangi, chief administrative secretary, Ministry of Health- Govt. of Kenya. The meeting attended by senior health specialists from reputed hospitals like Aga Khan Hospital focussed on areas of capacity building for healthcare delivery in Kenya and patient treatment in Kenya and India.

In this journey of healing patients beyond borders Ramaiah Institution will make a footprint and deliver the best in the years to come.

India with its world class healthcare ecosystem has been a medical tourism destination and is ranked 10th in the world medical tourism index. Ramaiah Medical College and Hospitals with world class health care has been in the forefront of meeting health care needs of the global community. As part of this endeavour our team of doctors have been assigned to meet the health needs of the African continent. This is also part of exploring more in medical tourism and making Ramaiah Hospitals a global destination.

Our hospitals with strong health infrastructure with many state-of-the-art healthcare facilities offering treatment across specialities has walked a steady progressive path over the decades inviting and providing superior care to patients seeking Medical support to global citizens.

Tanzania being a country with few resources, a stunning shortage of doctors (just three doctors for every 100,000 people), and the government of Tanzania has long been faced enormous barriers to ensure equal access to healthcare for its people. In this new beginning Ramaiah Hospitals have been in the forefront to provide all the health care needs of Tanzanian people.

Dr. Parichay Perikal
Asst. Professor

Ramaiah Medical College

Dr. Ramesh D, Prof. & Head Department Urology, Dr. Ravi Shetty, Cardiac Surgeon of Ramaiah Narayana Heart Center, Dr. Ravikumar, Dept. Orthopaedic, visited Ethiopia as part of developing Health care and Education Bridge. They met patients and respective consultants and had teaching sessions with university residents and faculty.

Introduction to the book 'Approach to Clinical Endocrinology through selected cases'

Dr. Pramila Kalra, Prof. & HOD, Endocrinology launched a book at international SAFES meeting at Kathmandu.

Chandra Mohan Batra & Pramila Kalra, et al. Approach to Clinical Endocrinology through Selected Cases, Jaypee Brothers Medical Publishers, New Delhi, 2022, ISBN 978-93-89776-96-6 (Not for sale).

The Book 'Approach to Clinical Endocrinology through selected case studies' edited by Dr. Chandra Mohan Batra and Dr. Pramila Kalra is a scientific case study-based approach to endocrinology. Dr. Chandra Mohan a senior consultant endocrinologist at Apollo Hospitals, New Delhi, and Dr. Pramila Kalra, Professor, and Head of the Department of Endocrinology at MS Ramaiah Medical College and Hospitals in Bengaluru have edited this important volume which includes 21 clinical cases of endocrinology and their complexities explained in a simple manner.

Endocrinology is a field in biology and medicine that deals with the endocrine system. The organs involved in the endocrine system include the pituitary, thyroid, adrenals, ovaries, testes, and pancreas. Endocrinology involves diagnosing and treating diseases of this system.

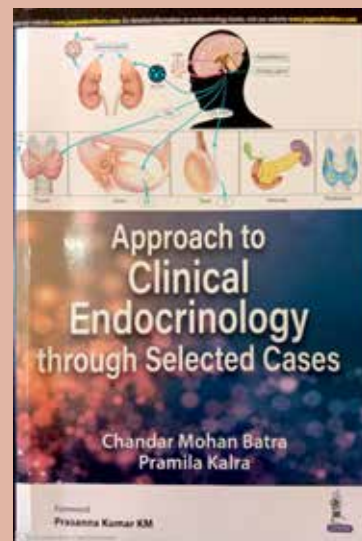

According to Dr. Pramila Kalra the book deals with authentic information on the subject as the authors approached the subject through case studies that focused on clinical medicine. Likewise, this book consists of 21 selected cases of Endocrinology which are well-written and complex cases that are finely discussed. Qualified and well-experienced endocrinologists across India, both from academic and research centers, have contributed their studies to this book.

Dr. Pramila Kalra has said that this book will be useful for endocrinology students, undergraduates, postgraduates, and post-doctoral researchers. Topics like Pituitary, thyroid, reproductive Endocrinology, bones, parathyroid, diabetes mellitus, and adrenal disorders are covered in this book.

In its approach, the book a case compendium provides an overview of clinical endocrinology and how to address an endocrine case, including investigation, management, and follow-up. Each case is different, and each one will tell a story that will assist a clinical endocrinologist in managing a situation.

This will be a referral book for those who are interested in Endocrinology. It will help physicians, interns, and students of UG and PG as a guide and a reference book.

The stepwise approach of the book covers history, examination of findings, clinical diagnosis, investigation, confirmation of the diagnosis, and treatment. Each case, in the end, has a message in a form of a conclusion, which will help a clinician to manage endocrine cases.

Ramaiah Medical College 38th Graduation Day Celebrations

Ramaiah Medical College celebrated its 38th Graduation Day on 26th April, 2022. The graduation day was well attended by dignitaries and with a formal function at the decorated auditorium. The Chief Guest of the ceremony was Professor S P Thyagarajan, Chancellor, Avinashilingam Institute of Home Science and Higher Education for women, Coimbatore. Dr. M R Jayaram, Chairman, Gokula Education Foundation, M R. Sampangairamaiah, Director, Gokula Education Foundation, M R Sreenivasa Murthy, Chief Executive, Gokula Education Foundation (Medical), Dr. Medha Y Rao, Principal and Dean, Dr. Shalini Nooyi, Vice Principal, and all the department heads were part of the celebrations. Students and their proud parents also witnessed the graduation day celebrations.

Total number of 310 students graduated during the academic year of 2022.

Dr. M R Jayaram, Chairman, Gokula Education Foundation who presided over the function called upon the students to be humble and serve humanity. "The knowledge flow is much easier when there is devotion. Knowledge also flows when you have a larger heart. When you think you are intelligent it won't stay in you to serve people. Love can move the mountains and cure all. The world is looking for your love", he said.

Chief Guest Prof. S P Thyagarajan, congratulated the students and said, "I heartily congratulate all the graduates who have graduated on this day.

I am immensely grateful and i thank Chairman Dr. M R Jayaram for inviting me on this day."

Prof. S P Thyagarajan also explained the importance of learning advanced Science and technology in the current era. He also described the challenges faced by medical students.
