**6<sup>th</sup> -7<sup>th</sup> March 2026**

**M.S. RAMAIAH MEDICAL COLLEGE & HOSPITALS, BANGALORE**

**Under the Aegis of Indian Society of Neuroanaesthesia and Critical Care (ISNACC) and  
Neurocritical care Society of India (NCSI)**

## **Brief overview of the program**

Greetings from Neuroanesthesia and Neurocritical Care Division, Ramaiah Institute of Neurosciences, Ramaiah Medical College and Hospitals.

### **“Time is Brain, BE FAST”**

Neurological emergencies like Stroke, Traumatic brain injury, Intracranial bleed, Status epilepticus, Neuroinfections and Traumatic Spine injuries etc., carry high morbidity and mortality not only in India but across the world. Management of neurological injuries involves immediate resuscitation, exact diagnosis, and prompt therapy to achieve the best possible outcomes. With comprehensive knowledge and advanced skills, the healthcare professionals can effectively manage these scenarios and make a difference in the patient outcome.

Considering the gravity of these conditions, the need of the hour is to train health care professionals, especially emergency physicians, intensivists, anesthesiologists, Neurosurgeons, Neurologists orthopedicians, Surgeons, Radiologists, Neuro rehabilitation specialists to successfully handle these patients.

This Acute Neuro Care Course/Workshop has been specially designed with appropriate lectures imparting essential knowledge, hands-on experience in various skill stations and interactive sessions needed to effectively manage neurological emergencies.

We the team of Neuroanesthesia and Neurocritical Care, Ramaiah Medical College and Hospitals, are delighted to host and welcome you to the Acute Neuro Care workshop under the aegis of the Neurocritical Care Society of India (NCSI) and the Indian Society of Neuroanesthesia and Critical Care (ISNACC). We encourage the specified health care professionals to register and benefit from this certified course.
