Healing Journeys: Tales from the Field

The story of Mr. Jyotish, a resident from our field practice area, exemplifies the impact of timely medical intervention and multidisciplinary teamwork.

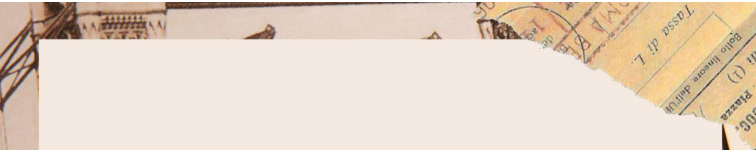

When a diabetes-related complication, initially mismanaged elsewhere, threatened his health, swift action was taken by our Medical Social Workers, Mr. Ravikumar (RICPHI) and Mr. Harish (Community Medicine), who promptly referred him to our hospital under the guidance of Dr. Ananth Ram.

Upon arrival, Mr. Jyotish required an emergency fasciotomy, expertly performed by Dr. Bharati and Dr. Suhas from the Department of Surgery. Shortly after, he faced a life-threatening health challenge that rapidly escalated, with severe end-organ damage affecting the kidneys, liver, and lungs, compounded by dengue-related thrombocytopenia.

Despite these challenges, coordinated efforts by our ICU team, the Infectious Diseases unit led by Dr. Srikanth and Dr. Sandeep Reddy, residents from the Department of General Medicine, and our dedicated nursing staff ensured comprehensive care and expert management during the critical period.

Today, Mr. Jyotish is on a steady path to recovery. With ongoing follow-ups facilitated by our Medical Social Workers and diligent care by interns who manage his periodic wound dressings at Kaiwara PHC, he is healing well at home.

This case highlights the essence of patient-centred care and the seamless collaboration between our departments. We take pride in these efforts and wish Mr. Jyotish a complete and swift recovery.

**Congratulations to
the Radiation
Oncology team for
successfully treating
more than 1000 new
patients in a
calendar year. 1068
new patients from

Career Guidance Seminar on Opportunities in the UK On January 27, 2025, Ramaiah College of Physiotherapy, in collaboration with IDP, organized a career guidance seminar on "Career Opportunities in the UK" at the Council Hall, Ramaiah Medical College. The seminar aimed to provide insights into higher education and career prospects for physiotherapy graduates in the UK. The event was attended by interns and postgraduate students, offering them a platform to explore global career pathways. Dr. Chris from the University of Exeter delivered a compelling keynote address, highlighting the scope of physiotherapy education and research in the ACL Rehabilitation. Following the keynote, Ms. Amy elaborated on various job and higher education opportunities in the UK, outlining the eligibility criteria, application process, and the advantages of pursuing a career abroad. Mr. Salman provided a detailed briefing on the IELTS examination, explaining its importance, structure, and preparation strategies essential for aspiring candidates. The seminar concluded with an engaging interactive Q&A session, where students had the opportunity to clarify doubts and gain personalized guidance. The event was graced by Prof. Savitha Ravindra, Dean and Principal of Ramaiah College of Physiotherapy, adding prestige to the occasion. Overall, the seminar was well received, equipping attendees with valuable information and motivating them to explore global career prospects in physiotherapy.

National Pathology Day was celebrated on 12th April by the Department of Pathology, commemorating the birth anniversary of Dr. V. R. Khanolkar, a pioneer in Indian pathology known for his significant contributions to cancer and leprosy research. The event featured a series of academic and literary competitions exclusively for postgraduate students, who participated with great enthusiasm. Winners were awarded prizes as a token of appreciation for their efforts. A special highlight of the event was a creative performance by the 1st-year PGs, who presented a rap song and a skit on Artificial Intelligence in Pathology, both of which received much appreciation. The celebration was graced by Dr. Shalini C. Nooyi, Principal and Dean, who delivered an insightful address highlighting the significance of the day and Dr. Khanolkar's legacy.

Department of General Surgery Ramaiah Medical College in collaboration with Zen hospital's Mumbai took part in live Surgeries of Hernia & Gall Bladder was conducted on Sunday the 20th April 2025, witnessed Advanced surgical procedures were telecasted from Zen hospital's Mumbai. it was a one-day Fiesta with good interaction from the Faculty of the Department of General surgery and post graduate students.

We had a successful surgical CME under the aegis of SSBASICC along with Ramaiah Medical College live transmission of surgery from zen hosp of Dr. Roy Patankar with Alkem supporting the transmission live

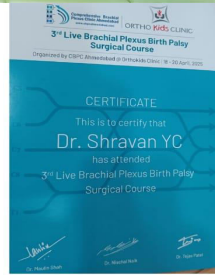

WHOCON 2025, a Model World Health Assembly, held at Ramaiah Medical College (RMC) from April 18-20, 2025. It was a student-led, national-level conference focused on health and healthcare. The event involved students participating as delegates of different countries, engaging in debates and discussions related to global health systems.

Dr Jyothi G S, Professor and Head of OBG, RMC was a Speaker at the 17th National Conference - ISCCPCON 2025 held at Kolhapur from 18th to 20th April 2025, organised by ISCCP under the auspices of D Y Patil Medical College, Kolhapur, Kolhapur OBG Society and AMOGS . She spoke on the topic " Familiarising yourself with Colposcopy Equipment". She was re-elected as SZ EC Member of ISCCP (From 2021 to 2027).

Dr. Praveen Kumar S, Professor, Dept of Dermatology has been selected as a member of IADVL SIG pruritus. Eczema and contact dermatitis.

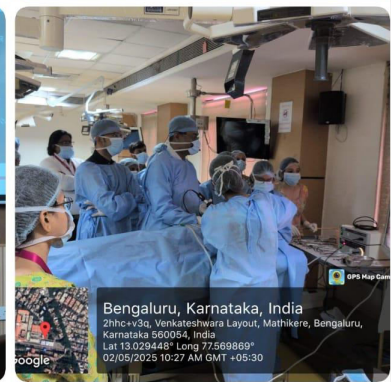

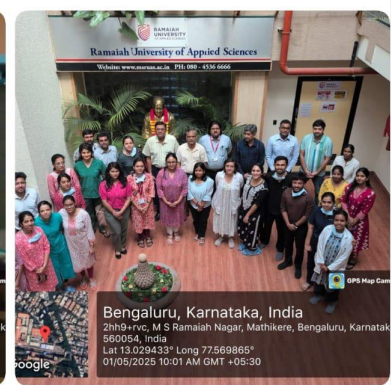

Dr Shravan, Y C, Faculty, Dept. Of Orthopaedics attended the international workshop, on BIRTH BRACHIAL PLEXUS INJURIES in Ahmedabad. Workshop focussed on nerve repair, transfer, musculo-tendinous procedures and exclusive rehabilitation protocols. To facilitate recovery of children brachial plexus injuries.

On April 29th 2025 the RMC Career Guidance Cell hosted a session on the Road to USMLE, featuring our alumni—Dr. Rithika, Dr. Rafi, and Dr. Aaditya—who've matched into internal medicine and surgical prelim programs in the U.S. They walked us through the USMLE journey, shared their personal experiences, and answered student questions in a candid panel discussion. It was a valuable and inspiring session for those aiming for residency abroad!

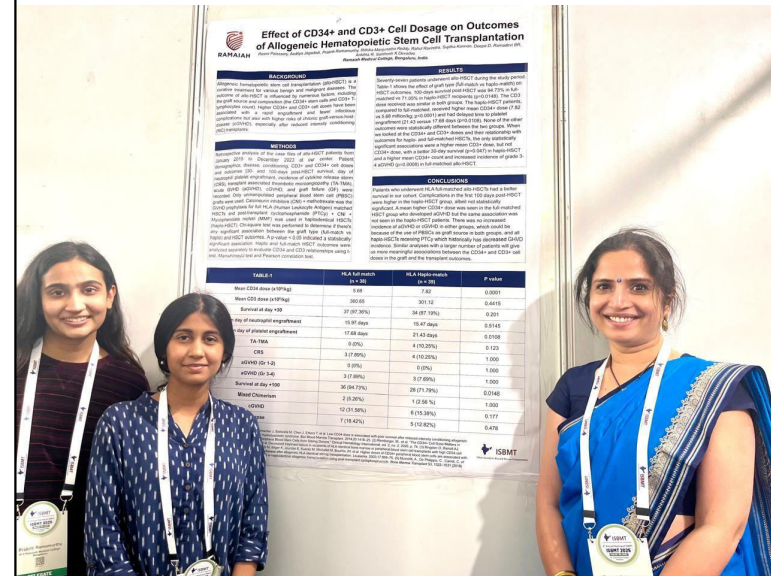

The Department of Psychiatry conducted the first workshop on 29-04-2025. This is a part of a 6-session series of training teaching and non-teaching staff to increase awareness on mental health issues. The aim is to increase awareness, help identify signs among colleagues and facilitate the process for receiving adequate help. The workshop was done in two sections, with first focusing on identifying the signs of mental health issues, and a few small tips like breathing techniques, and strategies to handle difficult situations. The second half focused on gate keeper training to identify signs of suicide and safety planning

Department Of ENT conducted hands on cadaveric Endoscopic Sinus Surgery and Anterior Skull base on 1st and 2nd May 2025 at Ramaiah Advanced Learning Centre Bangalore. 10 delegates from all over India attended the workshop along with hands on dissection individually, 14 observers and 6 faculty guided the delegates. It was well appreciated by the delegates and observers.

The Department of Dermatology had a good presence at the XIII th SARC 2025 international conference being held from 2nd to 4th May 2025 at MANGALORE! Dr KN Shivaswamy and Dr TK Sumathy were invited speakers. Dr Sumathy was also a panel member. Dr Dina patil presented a free paper and Dr Nidhi,Jr resident too,had a paper!!

Ramaiah Medical College at ISBMT 2025 Annual Meet.

Dr. Rasmi Palassery, Associate Professor, Department of Medical Oncology, along with undergraduate medical Alumni students Aaditya Jagadish, Rithika M Reddy, Prakriti Ramamurthy, and Rahul Ravindra, presented their original research at the ISBMT 2025 Annual Meet. Their study, titled “Effect of CD34+ and CD3+ Cell Dosage on Outcomes of Allogeneic Hematopoietic Stem Cell Transplantation,” explored the impact of stem cell dosage on post-transplant outcomes in patients undergoing allogeneic HSCT. The presentation was well received and reflects the institution's strong focus on academic excellence and collaborative student research.

A session on “Near Death Experience: Hallucination or Objective experiences” was organized by the department of Physiology in collaboration with Veditha Mind Care Clinic. The Director& Producer of the movie, Miss. Sonia Barkallah was also a part of Panel discussion. The Symposium was conducted on 05-05-2025 from 2.45 pm to 5.15 pm, at the RMC- Council hall. About 70 faculty and post graduate students from preclinical, paraclinical and clinical departments attended the event. Welcome note was given by Dr. Jyothi. S, Associate Professor who introduced the speakers. Introduction about the speakers was given by Dr. Vijayadas, Professor & Head of the Department, Physiology.

Dr. Ravi Prakash gave insight about the documentary. The documentary on Near death experiences – titled “TEMOINS” was played for nearly 2 hours. This was a testimony of the patients and their relatives of how the patients felt when they were in the state of coma. Although these testimonies are still classified under the “paranormal” category, NDEs have paradoxically become a legitimate field of study and research since the publication of Dr. Raymond Moody’s book Life After Life in 1975. NDEs are increasingly the subject of medical and neuroscience theses and dissertations. The goal of this documentary is to bring together top international experts to examine the latest studies alongside exceptional and previously unseen testimonies. What is the value of a testimony? Why are some NDEs negative? Are witness accounts truly reliable? What role do “anecdotes” play in scientific research? Where does research stand today? Could a protocol be designed to better understand these experiences? These questions, which concern us all, present a challenge that the scientific community must address.

This spectacular documentary was followed by panel discussion during which thought provoking questions were discussed by the experts. Overall it was an innovative session and our Principal Dr. Shalini. C. Nooyi, Principal& Dean, Ramaiah Medical College, mentioned the scope for further research and collaboration in this field.

In recognition of her contributions to civil defence, home Guards and fire services, Dr Aruna C Ramesh has once again been appointed as the Honorary Officer Commanding of Casualty Services, by DG Civil Defence, Bangalore. Dr Aruna extends heartfelt gratitude to the institution for its support and regards this esteemed role as a significant opportunity for the institution and herself to serve the nation during this critical time.

Congratulations to her!

EVACUATION MOCK DRILL

Air Raid Preparedness Training for faculty and students at RMC.

In order to prepare for an Air Raid like Emergencies, Ramaiah Medical College held a Mock Evacuation Drill on May 14, 2025. The training was led by Dr. Sindhuja Iyengar, an Assistant professor at Ramaiah University of Applied Sciences' School of Law. Dr. Shalini C. Nooyi, our principal and dean, gave an overview before to the start of the simulated drill, explaining its significance and the potential life-saving benefits in the event of an air raid. Dr. Sindhuja Iyengar taught our faculty and students three crucial core response measures during air raids with the support from the nominated student instructors who had already received the training.

Identifying the red or green air raid sirens accurately is the first stage. Evacuation is the second step, and taking shelter in the basement is the third.

The importance of being prepared for air raids during emergencies was demonstrated by the active participation of all of our professors and students in the mock drill.

World Vitiligo Day June 2025 was celebrated in the Department of Dermatology, Ramaiah medical College on 27th June. The event in the gracious presence of dignitaries Dr Shalini Nooyi madam, Dr Prathab sir was attended by Nursing and MBBS students. A myriad of activities with the theme "Innovation of every skin: powered by AI" were held in the campus to create awareness on Vitiligo. A brainstorming quiz competition was organised for the undergraduate students of Ramaiah Medical College. There was an active participation from the students. A painting competition was conducted for the Nursing and MBBS students to create awareness regarding Vitiligo in the future caretakers. The response was heartening and prizes were distributed for the best entries. A survey regarding awareness on vitiligo was conducted by the Department of Dermatology where in there were more than 300 respondents over a period of 6 days visiting skin OPD. The questionnaires (both in Kannada and English) were directed to assess the knowledge, attitude and behavior towards vitiligo affected individuals. The event concluded with a debate between the first year postgraduate students who were organised into a team of two. Students put forth heated arguments for and against the use of AI in understanding and treatment of Vitiligo. The debate gave a clear and impactful message that AI when used judiciously plays a significant role in awareness but consultation with the expert is essential for treatment.

Ramaiah Medical College hosted its much-anticipated College Day – 'Nakshatra 2025' on 28th June 2025 at the RMC Auditorium, marking an evening of celebration, creativity, and camaraderie. The event brought together students, faculty, and staff in a vibrant display of talent, culture, and unity.

The celebration featured a grand cultural extravaganza showcasing mesmerizing dance performances, soulful music and creative expressions by the students. The performances

The inaugural Advanced Arthroscopy Foot and Ankle Course, jointly organized by the British Orthopaedic Foot & Ankle Society (BOFAS) and the Indian Foot & Ankle Society (IFAS), was held in RALC, Bangalore on the 27th and 28th of June, 2025. This landmark event marked the first time in India that such a comprehensive, hands-on cadaveric course was conducted for foot and ankle arthroscopy. This unique setup allowed for intensive, focused learning and set a new benchmark for surgical training workshops. The event was lauded for its meticulous organization, world-class faculty, and the unprecedented hands-on exposure it provided. It has set a new standard for arthroscopy training in India and left delegates eagerly looking forward to future editions. Dr Ajoy SM from the Department of Orthopaedics was a lead faculty

I 2025-26 Batch held on 06th
October 2025 at Auditorium,
Ramaiah Medical College**

The Department of Psychiatry, Ramaiah Medical College organized a Mental Health Carnival on 6th October 2025, featuring engaging games and skits to spread awareness about mental health issues and promote overall well-being.

💚 Students and staff from the Department of Psychiatry, along with students from the Nursing College, performed thought-provoking skits centered around mental health themes. The event welcomed students from RUAS and patients from Ramaiah Teaching Hospital, with over 200 participants exploring fun and meaningful activities.

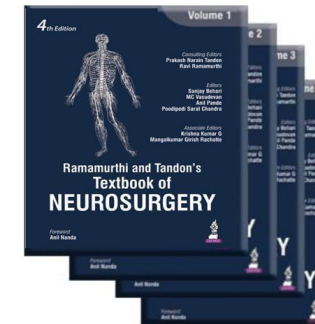

🧠 The carnival included stress-buster games, attention and concentration challenges, cognitive activities, and art-based games — all designed to highlight the importance of mental health in everyday life

Book Release Function
4th Edition
of The Classic

“Ramamurthi and Tandon
Textbook of Neurosurgery ”

On OCTOBER 11th 2025, 10.30 AM.

Dr. K.S.Sanjivi Auditorium, VHS.

Dr. A. Lakshminpathi Neurosurgical Centre,
Postgraduate Institute of Neurological Surgery,
Voluntary Health Services

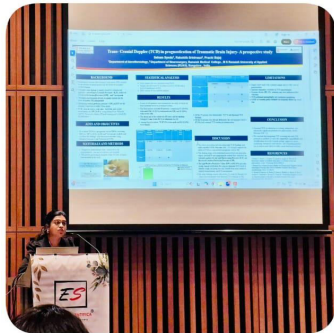

Dr. Sunil Furtado, Prof. & HOD,
Neurosurgery was privileged to have
authored a chapter on “ Management
of carotid stenosis “ in the 4th edition
of this 4 volume textbook of
neurosurgery first edited by Indian
pioneers Dr P Tandon and late Dr B
Ramamurthy

Dr Jyothi GS, Professor and HOD of OBG, RMC, gave a talk on the topic- HPV in Middle Aged Women: Prevention , Challenges and Strategies. Organized by the Davangere Obs Gyne Society on 11/10/25 evening at Hotel Southern Star, Davangere.

Dr. Janaki MG, Professor, Radiation Oncology was a resource person at Indian College of Radiation Oncology-PG teaching programme on pediatric Oncology for postgraduate students at Vaidehi medical college on 11th and 12th October 2025

Dear Dr. Seham Syeda,

Thank you for your participation in WCAC 2025 and for your kind follow-up.

We are delighted to inform you that **you have been awarded the 1st Prize in the E-Poster Presentation Competition.**

Congratulations on this well-deserved achievement!

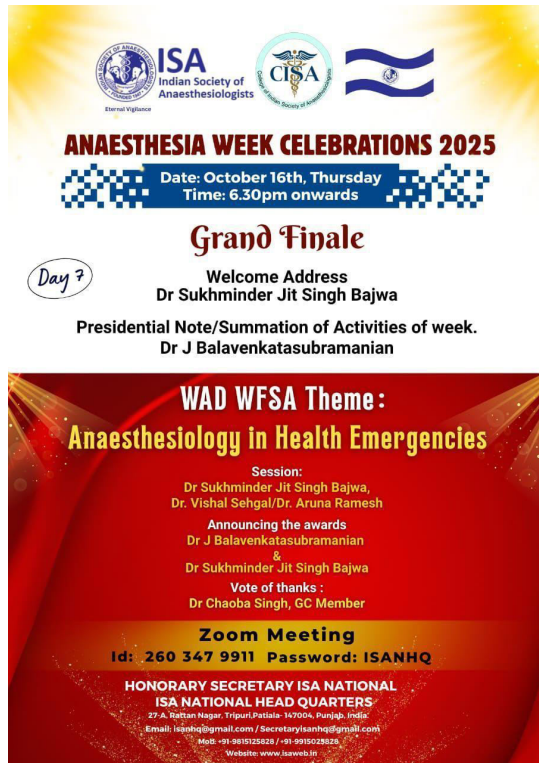

Dr. Seham Syeda, Assistant Professor, Department of Anaesthesiology, was awarded 1st Prize for her e-poster presentation titled “Trans-Cranial Doppler in Prognostication of Traumatic Brain Injury” at the World Critical Care and Anesthesiology Conference, Singapore. SG

The project was a collaboration with Dr. Rakshith Srinivasa, Consultant Neurosurgeon, and Dr. Prachi Bajaj, MBBS.

Dr. Seham Syeda also represented the Department of Anaesthesiology, Division of Neuroanesthesia as an invited speaker at the conference.

Dr. Thanuja GP, Associate Professor Ophthalmology attended the NABH ECO assessors course held in New Delhi from 8th to 10th October 2025

Dr. Aruna C Ramesh, Prof. & HOD, Emergency Medicine was honored to be invited by ISA India to speak on “Anesthesiology in Health Emergencies” at the Anesthesia Week 2025 closing session on 16th October 2025. Grateful to her mentors and Ramaiah Medical College for shaping her journey and supporting Emergency Medicine’s global recognition.

Dr Shravan, Faculty, Dept. of Orthopaedics was invited to conduct an orthopedic workshop for undergraduates at DeMedCon, SDUMC Kolar. "Game of Bones" is an innovative hands-on workshop designed exclusively for undergraduate medical students. First conducted at "INSIGHT" in Ramaiah. The event was met with an overwhelming response, with participants expressing that the workshop enhanced their clinical confidence and sparked greater interest in orthopedics. The success of this program sets the stage for similar student-centered orthopedic undergraduate workshops in the future.

**In view of World Anatomy Day,
Department of Anatomy
conducted Quiz & Embryology
Reel Competition on 24/10/2025.
65 teams from various colleges
participated and 3 teams were
chosen as winners.**

**A Guest Lecture for 1st Year MBBS
students was organised by Department
of Anatomy on 30/10/2025. Dr Bharat
Shankar, Surgical Oncologist at Vydehi
Institute of Medical Sciences &
Ramaiah Alumni was the Guest
Speaker.**

A Book Exhibition was successfully organized at Dwaraka Hall, Gnana Gangotri Campus, Bengaluru, on 18th and 19th December 2025. The exhibition was held with the objective of enabling Heads of Departments (HODs), faculty members, and students to review and recommend recently published academic books for acquisition by the Central Library.

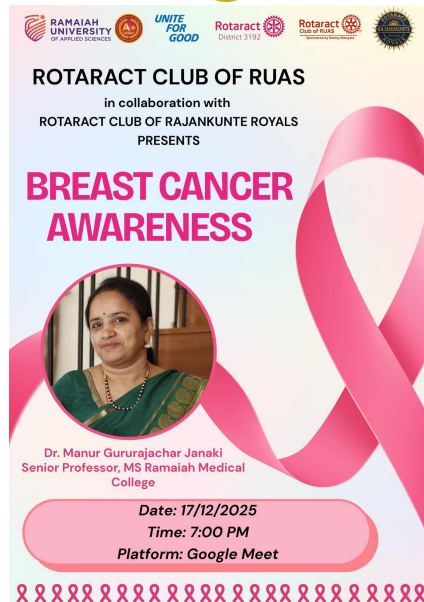

Renowned publishers and book suppliers participated in the exhibition, showcasing a wide range of the latest titles across multiple disciplines. The exhibition was open from 10:00 AM to 6:00 PM on both days, providing ample time for visitors to explore the collection.

The event witnessed active participation from HODs and faculty members, who visited along with their postgraduate and undergraduate students. Faculty members reviewed the displayed books relevant to their respective subjects and recommended suitable titles to strengthen the Central Library's collection. Students also benefitted from exposure to updated academic resources and reference materials.

Overall, the Book Exhibition was well-organized and achieved its intended purpose of facilitating informed selection of recent publications. The event contributed significantly to academic enrichment and supported the ongoing efforts to enhance the quality and relevance of resources available in the Central Library.

Dr TK Sumathy and Dr KN Shivaswamy were faculty in the National PGCON 2025 on 19th December 2025 held at Bangalore Medical College & Research Institute

The Rotaract Club of RUAS, in collaboration with the Rotaract Club of Rajankunte Royals, successfully organized an online webinar on Breast Cancer Awareness on 17th December 2025 at 7:00 PM via Google Meet.

The webinar aimed to create awareness about breast cancer, with a focus on early warning signs, preventive measures, common misconceptions, and the importance of early detection, especially among students and young adults. The session was delivered by the esteemed speaker Dr. Manur Gururajachar Janaki, Senior Professor at MS Ramaiah Medical College. Dr. Janaki provided an insightful and comprehensive overview of breast cancer, emphasizing the significance of self-examination, regular screening, lifestyle modifications, and timely medical consultation.

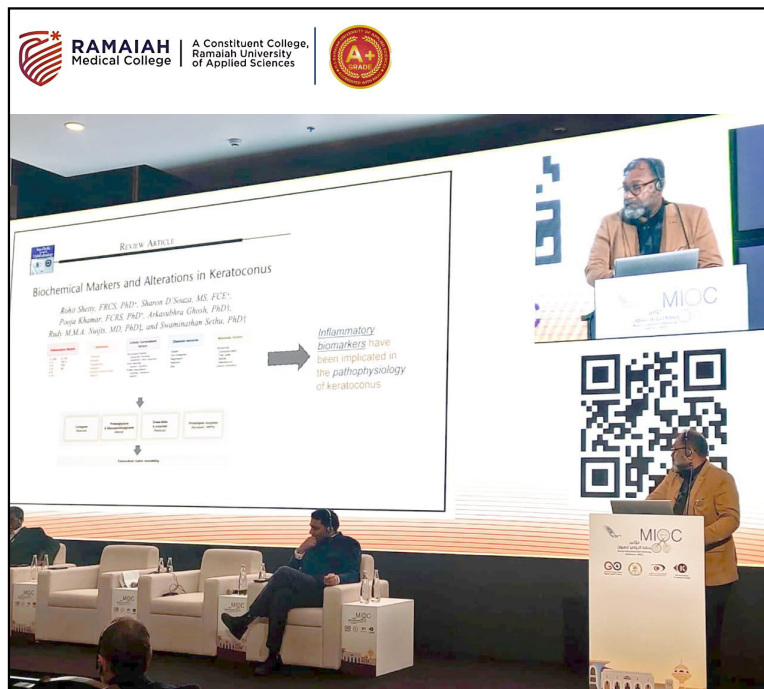

The speaker also addressed frequently asked questions and clarified several myths surrounding breast cancer, thereby empowering participants with accurate knowledge and practical guidance. The interactive nature of the session encouraged active participation, with attendees engaging through questions and discussions.

The webinar witnessed enthusiastic participation from students and young adults, and it was well received for its relevance, clarity, and educational value. The programme successfully fulfilled its objective of spreading awareness and reinforcing the importance of early detection and preventive healthcare.

The Rotaract Clubs extended their sincere gratitude to the speaker for her valuable time and expertise, and to all participants for making the webinar a

**RUAS STUDENTS ARE
 TAKING HEALTH TECH TO
 THE NEXT FRONTIER**

CONGRATULATIONS TO

Aditya B. V. (Ramaiah Medical College), Gaurav Kumar & Vishal Shetty
 (MSRIT), the interdisciplinary minds behind HealAI, now recognised as one
 of India's top student-led ventures by
NSRCEL, IIM Bangalore

We're proud to announce that HealAI (GVA Health Tech Pvt Ltd), a student-led, multidisciplinary venture, has been selected for the latest cohort of the Campus Founder Program at NSRCEL, IIM Bangalore! After excelling through multiple competitive rounds, HealAI now stands among India's top student startups to be incubated under this prestigious initiative.

HealAI was co-founded by Aditya B. V. (Ramaiah Medical College), Gaurav Kumar (MSRIT) and Vishal Shetty (MSRIT), with the mission of simplifying wound management for diabetic foot ulcers through artificial intelligence. Inspired by Aditya's clinical immersion and patient interviews at RMC, the team identified the pressing need for reliable monitoring of ulcer progression. Leveraging their combined expertise, Gaurav and Vishal have developed a mobile application powered by proprietary machine-learning algorithms trained on hundreds of ulcer images, enabling both clinicians and patients to assess and track wound healing, thereby reducing the risk of severe complications such as amputation.

Their achievements to date include: -
 Finalist in NSRCEL's Healthcare Incubation Program, competing alongside established, revenue-generating enterprises
 Shortlisting for the MEITY Seed Grant at C-CAMP
 Advancement to the bootcamp and pre-finals of NBEC 2025, India's largest bio-entrepreneurship competition

This remarkable journey began at the Center for Entrepreneurship (CFE) at RUAS anchor Hult Prize Campus Finale, where HealAI earned runner-up honors. Throughout their development, CFE faculty have provided comprehensive support—from ideation workshops and pitch clinics to one-on-one feedback sessions and grant-writing guidance. This is a testament to the power of interdisciplinary collaboration at RUAS and the strong mentorship at CFE, RUAS.

As public health entrepreneurship emerges as a critical catalyst for policy and practice, RUAS remains committed to fostering innovation that delivers tangible impact.
