

Organ donation – Ramaiah Memorial Hospital

28 years old male donor from fortis hospital Bangalore donated heart to 42 yrs old male patient suffering from dilated cardiomyopathy with severe LV dysfunction after heart attack. This is our 24 heart transplant at M.S.Ramaiah Narayana Heart center. This patient was airlifted from Jhansi, UP 1 month back in critical condition and put on artificial (Biventricular Assist Device) heart to stabilise his condition.
