

Structural Spinal Deformities

The Department of Physiotherapy hosted a pre-conference workshop titled “Structural Spinal Deformities – An overview of Practical Guidelines and Current Strategies” in the Center for Rehabilitation, Ramaiah Memorial Hospital on 27th July 2019 as part of the 9th Annual Conference of Bangalore Physiotherapists Network. Mr Naveen Kumar Balne, Senior Faculty, College of Physiotherapy, Nizam’s Institute of Medical Sciences, Hyderabad, Telangana was the resource person. He specializes in non-surgical interventions for management on scoliosis. The hands-on workshop was attended by 28 practicing Physiotherapists from Bengaluru and the intense session included demonstrations of evidence-based assessment and management techniques for spinal deformities.”
